Donors Honoured

His Excellency the Governor, Mr. Stuart Jack and Mrs. Mariko Jack hosted a reception at Government House on March 22 to honour nearly 30 of the Fund's major donors who had made possible the raising of nearly US\$10 million to carry out its programmes.

The Governor, who is Chairman of the Fund, paid tribute to a wide range of corporate entities and individuals who had supported the Fund with donations of cash or goods and services.

The evening's appreciation to donors was further enhanced with an announcement from the Dart Foundation that it had donated US\$500,000 to the Fund, with a provision for a further similar amount, should its donation be matched by corporate donors.

The announcement was made by Mrs. Arianne Dart, who lauded the work of the Fund and underscored the Foundation's commitment to assisting in the recovery

and rebuilding of Grand Cayman.

The Governor also appealed for continued support from the community, noting that many families are still on the waiting list for assistance.

Vice Chairman, Conor O'Dea, pointed out that by itself, the Fund had succeeded in repairing and refurbishing over 400 homes. Since the start of the year, the Fund had begun a process of completing rebuilding another 150 homes that were too severely damaged to be repaired.

Location: Bodden Town Road, Bodden Town

Rebuild Cost:
\$95,000

There is only one occupant of this West Bay residence who has lived there before, during and now 20 months after Hurricane Ivan took the roof, windows and doors of this home. The building remains standing, but very unstable as it was moved from its original foundation by heavy winds by what was believed to be a tornado. This home needs to be rebuilt and will cost CI\$75,000 to complete.

A 62-year old, retired widow lived in this home prior to Hurricane Ivan, but has had to stay with relatives since September 2004 because of the current conditions of her home. The structure received extensive damage to its roof and walls during the storm and therefore the 4-bedroom home needs to be demolished and rebuilt at a cost of CI\$95,000 (includes new foundation).

Please support the Fund's Adopt-a-Home Programme with your donations to repair, rebuild or refurnish a home. *Call Now!* **323-0551 / 943-3864**

Change is in the Air

Walkers, attorneys-at-law, have joined the list of donors and supporters to the Fund with the announcement of its “Change is in the Air” Fundraising programme, which has been launched in collaboration with Cayman Airways.

The programme enables Cayman Airways passengers to contribute towards raising funds for a designated Cayman charity by placing a donation in special “Change in the Air” envelopes. The envelopes will be placed in the seat back pockets of every inbound and outbound Cayman Airways flight.

The National Recovery Fund is the first charitable organisation designated by Walkers and Cayman Airways to benefit from the “Change in

the Air” programme.

Walkers partner, Mark Lewis, stated, “This programme is the first of its kind to be launched in the Cayman Islands and is a simple yet effective way of fundraising on behalf of local charities. Both Walkers and Cayman Airways are pleased to be able to give something back to the community and jurisdiction that has been so good to us throughout the years.”

This Old House

A demolition crew was at work in Gun Bay tearing down the hurricane-wrecked homes of Corine Conolly, and Ariadne Powell in preparation for their rebuilding. Thirty homes have been repaired or rebuilt in East End and another 25 are in varying stages of being worked on.

Donor Honour Roll

■ Cayman International School

Fundraising efforts from students at Cayman International School and the school's PTA enabled the school to donate over \$1,000 to the Cayman Islands National Recovery Fund.

Director of Cayman International School, Dr. Gregory Hedger, presented the school's donation of \$1000 to the National Recovery Fund's Director of Marketing and Development, Ms. Cynthia Arie at the monthly assembly.

■ Sidley Austin LLP

The international law firm made a donation of US\$25,000 to the Cayman Islands' post-hurricane recovery efforts, through the Cayman National Recovery Fund Foundation.

The cash donation was in addition to a substantial amount of pro bono work on behalf of the CINRE, in setting up the Fund's Foundation last year and getting approval for its Section 501 (c) (3) or US tax-exempt status.

Sidley Austin has been international legal counsel for the Cayman Islands Government since 1985.

■ National Trust

Members of the Board of Trustees and staff of the National Recovery Fund hosted a reception on 27th March to show appreciation to the Board of the National Trust, for granting the Fund the use of the Trust's house at the corner of Courts Road and Eastern Avenue for the next two years.

The National Trust recently approved a plan by the Fund to renovate the building, which was left uninhabitable as a result of severe damage from Hurricane Ivan. With the help of Butterfield Bank, the Fund was able to effect major repairs to the building.

Board members of the Trust expressed their appreciation for the extensive repairs that had been carried out and reiterated their support for
